HEALTH INSURANCE REQUIREMENT FOR J-1 EXCHANGE VISITORS

All J-1 exchange visitors and their family in J-2 dependent status are required by U.S. law to carry health insurance with specific minimum coverage, from the date of arrival to the date of departure. It is your responsibility to select, obtain and maintain valid health insurance coverage. Your health insurance must meet the following requirements:

1. Medical benefits of at least \$100,000 per accident or illness.
2. Benefits for repatriation of remains (in case of death) in the amount of \$25,000.
3. Benefits for expenses associated with the medical evacuation to the home country in the amount of \$50,000.
4. A deductible not to exceed \$500 per accident or illness.

SVA requires all registered, matriculating students to have health insurance coverage for both in-patient and out-patient medical care. All students are automatically enrolled in the SVA-sponsored Student Health Insurance and billed by Student Accounts for the Health Insurance Fee. Students who have outside coverage and do not need the SVA-sponsored insurance plan must provide information about their insurance coverage each year.

Please note: SVA-sponsored Student Health Insurance is available for exchange students only. It is not available for visiting faculty, research scholars and dependent coverage.

Other health insurance plans for J-1 Exchange Visitors

There are various commercial health insurance plans designed to meet the requirements for J-1 exchange visitors and dependents. Please note that these plans are select samples only, and are not endorsed by SVA.
